Hero™ Espag Handles

Hardware Essentials to Rely On.

Quality without compromise.

Manufactured from a high performance zinc alloy, Hero™ espag handles are simple to fit, easy to operate and suitable for PVCu, aluminium and timber casement windows.

The modern handle design features an ergonomic lever contoured to the shape of your hand, and tear drop button which offers comfort during use. The rose features our patented simple slide-and-clip into place screw cover.

The Hero™ espag handle range has been independently tested to 50,00 cycles for guaranteed operational reliability and salt spray tested to industry standards for a long lasting finish.

At a Glance...

5 suited finishes

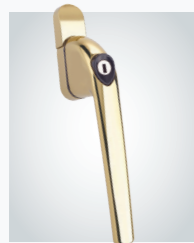

9 pin lengths to suit common profiles

Inline and offset levers

Supplied complete with 2 fixing screws, 1 key and 2 cover caps as standard

Corrosion resistance - salt spray tested to BSEN 1670 grade 4 for plated finishes and grade 5 for powder coated finishes

5 Suited Finishes.
